Featured Program

Barley Crop Insurance Program

The Barley Crop Insurance program is a yield protection program and is available in Fairbanks North Star, Matanuska-Susitna, Southeast Fairbanks, and the Valdez-Cordova boroughs. You can choose to insure a percentage of your approved average yield, from 50 percent to 75 percent. The price election is the price you receive if you suffer a loss.

Acres of barley are grown in Delta Junction, Alaska.

Meet Calypso Farm

Calypso Farm is an educational farm, located near Fairbanks, Alaska. Their programs serve all ages and include school aged farm field trips, summer camps, school gardens, workshops on a broad range of topics, and intensive training for beginning farmers. Calypso Farm is a small-scale diversified farm producing a large range of vegetables, cut flowers, herbs and wool products. Chickens, dairy goats, sheep and pigs are integrated into the farm system. The farm is economically viable and serves as the hub for all of their educational programs.

Calypso Farm serves as an educational farm for students in Interior Alaska and offers summer camps for kids.

Alaska Events

Project Calendar

Our next two project trips are scheduled to be held during summer 2018. We plan to visit multiple areas around Delta Junction and Fairbanks as well as the Kenai Peninsula.

Want to schedule a meeting with us in person? Contact one of our partners or give us a call at (844) 221-5982. We'd love to schedule a time to visit with you and be sure to keep an eye out for us at future events!

Crop Insurance Info

Crop Insurance Definition:

Catastrophic Risk Protection (CAT)

CAT coverage is the minimum level of coverage offered by the FCIC (Federal Crop Insurance Corporation). This protects your farm at approximately 50% of your liability and 55% of the commodity price.

About the Project

Under the USDA RMA Partnership Agreement, AgriLogic Consulting, LLC (AgriLogic) has partnered with the Alaska Division of Agriculture, Alaska Farm Bureau, Alaska Food Policy Council, Alaska Small Business Development Center, and the Fairbanks Economic Development Corporation to deliver crop insurance education and related risk management strategies to Alaska farmers between Sept. 30, 2017 and Sept. 29, 2018. AgriLogic will provide training through workshops, on-farm appointments, guest speaker spots at conferences and association meetings, trade show booths, and visits to farmer's markets. Workshops focus on illustrating the value of crop insurance programs available in Alaska. Eligibility requirements, sales closing dates, and agent contact information will be highlighted. FREE individual producer quotes are available upon request! Learn more about our project, upcoming events and crop insurance in Alaska by [clicking here](#). This institution is an equal opportunity provider.
